

NO ICE NO LIMITS

Innovative and Proprietary
Patent No.: US 12,070,413 B1
Patent No.: US 12,213,911 B1

Cryon-X One delivers precise, customizable cold and compression therapy without the need for ice.

For surgical recovery, sports injuries, or daily aches, **Cryon-X One** gets you back to doing what you love, faster.

Smaller

Compact, space-saving design

Faster

Rapidly reaches set temperature

Colder

Real-time temperature monitoring

Quieter

Engineered for minimal noise

Relief in 3 Simple Steps

1 Fill water tank and attach the hose.

2 Connect hose to wrap and secure on body.

3 Turn on the device and start therapy.

General

Product Dimensions	Controller: (±2mm) 215mm (L) x 200mm (W) x 220mm (H)
Product Weight	4.6kg (10lbs)
Power Source	29.4V 5A adapter 25.9V 5Ah external lithium battery
Volume	300mL
Timer	10-60 minutes
Compression Range	0-70 mmHg
Temperature Range	41°F-58°F (down to 34°F with unlock)

Product Name

Therapy System *1 piece
Standard Hose *1 piece
Manual *1 piece
AC Adapter (Input: AC100-240V; Output: DC.29.4V-5A) *1 piece
Wraps provided may vary according to your purchase needs
Carry Bag *1 piece
Drainage Kit *1 piece
